

LIQUOR INTERESTS AIDED BY SOCIETY, INSISTS DR. ELIOT

Young Are Taught Lawlessness and
Encourage Men to
Insobriety.

BOSTON, May 25.—President Emeritus Eliot of Harvard, speaking at the annual meeting of the Unitarian Temperance Society in Arlington Street Church, opposed the sale of beer and light wine and declared the present Prohibition laws can be enforced.

"There is a part of our social organization that we are pleased to call 'good society,' he added, "which is resisting the enforcement of the Eighteenth Amendment. These people are causing a good deal of trouble throughout all parts of the country. The principal thing they are doing is the teaching of lawlessness. Especially they are teaching it to the young. I know whereof I speak by reason of my knowledge of the Harvard undergraduate body.

"There are young women in this section who do not object to meeting young men when the latter are 'wooly.' They meet these young men at balls given by our matrons who countenance this sort of thing."

MORSE INDICTMENT DISMISSED BY U. S.

Action Taken at Request of Shipping Board and Emergency Fleet Corporation.

Federal action against Charles W. Morse, growing out of his part in the sale of the steamship John G. McCullough to a citizen of France, ended today when Judge A. N. Hand granted a motion of United States Attorney Caffey asking that the indictment be dismissed. The motion was made on advice from Attorney General Palmer's office.

The Federal Grand Jury brought indictments against Morse, Capt. W. S. Mitchell, the United States Steamship Company and the J. G. McCullough Company on May 29. The indictment charged that permission of the United States Shipping Board to sell the boat had not been obtained as required by law, and also that the defendants had failed to offer the American vessel to the Shipping Board at the price offered by the "Citizen of France."

Mr. Caffey explained to the court that on May 14—eleven days after the Grand Jury had returned its indictment—a joint meeting was held by the Shipping Board and the Emergency Fleet Corporation at which a resolution was passed requesting that the indictment be dismissed.

The steamer was, subsequent to its sale to the French concern, transferred to the Government of Tunis, Africa, and during the World War was sunk by a German submarine.

INFANT KIDNAPPED; RESTORED IN HOUR

Man Arrested "Found Her Crying in Carriage" in Front of Mother's Home.

Two-year-old Florence Koenigsberg, daughter of John Koenigsberg, a stationer of No. 2384 Eighth Avenue, was kidnapped and restored to her parents, all within a hour, last night. Locked up in the West 123d Street Station is Leon Kenonaki, thirty-four, of No. 1644 Amsterdam Avenue, who, the police assert, was arrested while wheeling Florence along Manhattan Avenue in her carriage.

At 10.30, Mrs. Beale Koenigsberg,

mother of Florence, left the child in her carriage in front of the father's store and a half hour later she and the carriage were gone.

The police were notified and a description of the child and carriage was sent to patrolmen on post. Three wheels of Florence's carriage were painted white and one was green. This led to Kenonaki's arrest.

A few minutes after 11 o'clock Patrolmen Lennon and Maycott were at Manhattan Avenue and 117th Street when they saw Kenonaki and the carriage with three white wheels passed and they arrested him.

According to the police, Kenonaki said the reason he had taken Florence was "he had found her crying in front of the store, and as he was the father of two children, he thought he should take her home to comfort her."

BRYAN OPPOSES MANDATE.

U. S. Could Do More For Armenia, He Says, by Recognizing Republic.

WASHINGTON, May 25.—William J. Bryan took the issue to-day with President Wilson on the question of an American mandate over Armenia, declaring in a statement that "any mandate is impossible."

The United States, Mr. Bryan, said, could do more toward making the world safe for democracy, "even for democracy in Armenia," by recognizing the Armenian Republic and entering the League of Nations "as the friend of all little countries."

Comptroller Craig to Appeal. Comptroller Craig to-day filed notice in the County Clerk's office in Brooklyn that he intends to appeal to the Appellate Division of the Supreme Court from the writ of mandamus signed Saturday by Justice Sudder, compelling Craig to pay Charles S. Devoy a salary as chief clerk of the Brooklyn Supreme Court.

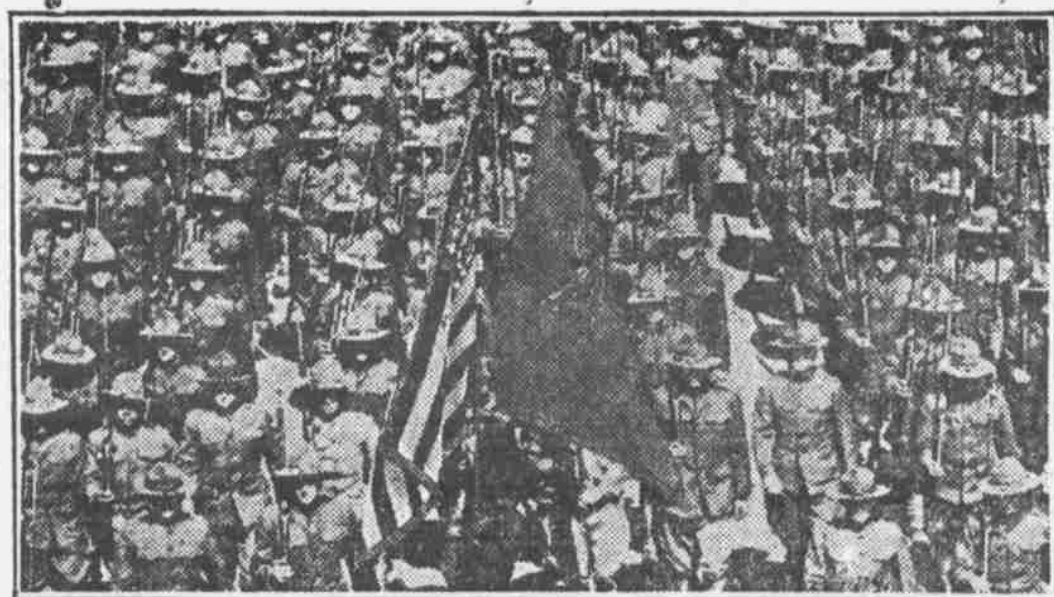

NAME "BAYER" ON GENUINE ASPIRIN

Identifies the true, world-famous Aspirin, prescribed by physicians for over eighteen years

The "Bayer Cross" is the thumb-print of genuine "Bayer Tablets of Aspirin." In each unbroken "Bayer package" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis

and for Pain in general. Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger Bayer packages. Aspirin is the trade mark of Bayer Manufacture of Mono-aceticacidester of Salicylicacid.—Adv.

Every one of them from your own home town

They can start in bathrooms apparently spotless

The "filth" diseases that kill 175,000 people each year

THE bathroom—your own shining white bathroom—is the most dangerous place in the house. You brush your teeth, you gargle, you rid your mouth of all impurities at the bathroom basin. The drain pipe of the tub carries off the tiny scales of skin, and the dirt and germs the cleanest person collects—and sheds—when he bathes. The waste for the toilet drain pipes is even more dangerous.

Much of the typhoid and dysentery that ravage the country each year starts in the immaculate bathrooms of immaculate homes. Yet doctors call them "filth diseases."

Scrubbing gives a surface cleanliness but it is powerless to destroy the germs which inevitably collect in the drains.

The way to keep your bathroom disease proof

More disease is actually contracted from persons than from places—it is impossible to avoid all the human carriers of disease—but in your own home at least you can rid yourself of the menace of disease germs.

Modern science, which discovered that germs were responsible for disease, found, too, the way to render them harmless. It has given us Sylpho-Nathol—and

Sylpho-Nathol makes it easy and practical to keep your home and bathroom disease proof.

Particular housekeepers everywhere are using Sylpho-Nathol. They are putting it into the hot and sudsy water when they scrub the bathroom—and the rest of the house. The last thing each night they are rinsing basin and tub with water and a little Sylpho-Nathol.

They are pouring a solution down the drains. It remains in the traps all night, purifying them, disinfecting them. A teaspoonful of Sylpho-Nathol goes into the clear water of the toilet, too. There it stays until morning and the toilet pipes are made—and kept—antiseptically clean.

Start today to give your family this greater protection. Make the daily use of Sylpho-Nathol the same regular habit that you have made using soap.

Leading hospitals use Sylpho-Nathol. It comes in 4 convenient sizes, 10c, 25c, 50c, \$1.00. Get it at drug and department stores. The Sylpho-Nathol Co., Boston.

Keeps disease away

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur
Darkens So Naturally
That Nobody Can Tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.
